UMME HANI S.

GOOGLE PLAY CONSOLE & APP LIFECYCLE SPECIALIST

Bengaluru, India · +91 89043 63770 · ummehani93.uh@gmail.com · Telegram: @UmmeHaniConnect

I help app publishers navigate Google Play workflows, coordinate publishing and account operations, and move digital projects forward through clear requirements, policy-focused documentation, and specialist technical delivery.

80+	30+	2014–NOW
Approx. Google Play service cases	Independent clients since 2020	Professional experience

CORE CAPABILITIES

Google Play operations: Console setup, publishing, verification/reverification guidance, account and app transfers, access troubleshooting and app lifecycle coordination.

Policy support: appeal drafting, policy documentation, suspended-app review support, and removed/unpublished app workflows.

Digital delivery: client discovery, service sourcing, partner coordination, AI-assisted websites, domain/DNS, business email, maintenance and monetization coordination.

TOOL & ENGINEERING STACK

AI & development: ChatGPT, OpenAI Codex, Claude, Visual Studio Code, Android Studio.

Web & deployment: HTML, CSS, JavaScript fundamentals, Git, GitHub, GitHub Pages.

Platforms & operations: Google Play Console, Google Workspace, domain/DNS tools, app release workflows. Specialist native Android development is coordinated with a technical partner.

EXPERIENCE SPINE

Independent Digital Services Practice — 2020–PRESENT

Supported approximately 80+ varied Google Play service cases and served 30+ independent clients; coordinated Console setup, publishing, transfers, verification guidance, appeal documentation, app operations, and web/infrastructure projects. Work is delivered directly or with specialist partners depending on scope.

DRIM · Influencer Talent Management — 2019–2020

Coordinated influencer and campaign activities for projects associated with Domino's Pizza India, KFC, Borzo, Myntra, and Swiggy, supporting communication and campaign execution.

Squadrun / SquadStack · Sales & Customer Engagement — 2014–2019

Contributed to sales-related projects associated with Upstox, Anand Rathi, Angel One, Udaan, Bajaj Finance, LEAD, Skillovilla, Delhivery, and Tata CLiQ.

SELECTED DELIVERY APPROACH

CHALLENGE Publishers may face fragmented account, publishing, or policy workflows. STRATEGY Clarify the issue, organize available case details, coordinate technical support, and prepare documentation. IMPACT Provide a clearer, coordinated path through the relevant workflow; platform decisions remain with Google.
